

# After the Storm

## Activity Sheet: 'Let's create the Sun!'

You'll need: cardpaper (blue, yellow, black, and white), gluestick, and scissors.

Cut the shapes below and use them as a stencil to trace on the cardpaper: 1 big yellow circle, 2 medium white circles, 2 small black circles, black U shape, and 12-15 yellow strips. Then you can stick them on the blue paper as it shows!
